QRIS

Financial

TA/PD

Support to Families: [Outputs]

- Assistance to afford higher quality ECE (e.g. vouchers, tax credits; no-fee public programs)
- Information about the nature of quality and ratings

Financial

QRIS

Essential Inputs

- Reliable rating scales and trained raters
- Outreach to assure high level of participation by providers, staff (if voluntary)
- Sufficient public funding to cover provider transitional and ongoing costs of meeting standards
- Prompt and stable payments to providers
- Registry to track staff qualifications
- Funding of TA, Professional Development

QRIS

Financial

TA/PD

Essential Inputs

- Financial assistance structure that reaches all families needing assistance
- Public information/education programs to inform parents about quality and ratings
- Outreach to assure parent awareness, participation in financial assistance

Financial

QRIS

Clusters of Potential Indicators to Discuss:

QRIS: provider participation rate; number/% of kids and providers by Quality-level, change in average level of Quality ...

Financial incentives and support: amount of funding, base + incentives; terms/conditions; number providers/staff receiving incentives

Technical Assistance: #/% providers receiving consultation, monitoring, coaching, mentoring; quality, impact of TA.

Professional Development and training: scope of offerings; #/% of providers, staff participating; qualifications of trainers; impact of PD/training.

Workforce characteristics: qualifications, experience, age, compensation. Observed quality.
